

THE CONFERENCE

The conference is aimed at updating the scientific community with the latest developments and state of the art techniques in the field and their applications in different areas. The conference will also provide a platform for the students involved in their Ph.D to interact and share their findings with eminent scientists from different institutions/ universities/research laboratories, involved in analysis using various types of instrumental techniques. Sufficient time will be given to the students to present their findings. The program consists of invited lectures and oral/poster presentation and several leading personalities [Indian and foreign] have given their consent to deliver an invited lecture in the conference. The conference aims to focus on the recent developments in following techniques.

1. Chromatographic techniques
2. Electrochemical techniques
3. Spectrometric techniques
4. Radioanalytical techniques

A special session on Nano Materials in Sensors and Biosensors is also planned.

The conference initially was to be held on 29th to 31st Oct. 2010; A major student activity is coinciding with these dates. Therefore, **the new dates of the conference are February 18th to 20th 2011.** Please make necessary changes in your programme. We expect a good weather in new dates.

ROORKEE

Roorkee is situated at the feet of the Himalayas. Haridwar, the holy city and a pilgrimage centre, is only 30 km away. This city is full of greenery and has a pleasant weather during mid October end. The famous shrine of Piran Kaliyar is only 7 Km from Roorkee.

Roorkee is well connected with Delhi by rail and air. Several trains and buses are available for reaching Roorkee from delhi. Roorkee is connected by super fast trains to Amritsar, Kolkata, Mumbai, Dehradun etc.

INVITATION

Teachers, Scientists and Ph.D. students involved in the use of instrumental methods are invited to attend the conference. Many foreign scientists are also likely to participate in the conference. A soft and hard copy of abstract (upto 500 words) typed in double space in Times New Roman may please be sent to Convener of the conference. The title should be in 14 point bold and remaining matter in 12 point.
